Steamer Kanawha Bound for Cuba  
With Stock and Stores.

## TAARNHOLM IN PORT AGAIN

Leak Has Been Repaired and the  
Ship Will Begin Loading Today—  
Bayona Almost Ready to Get  
Out.

With troop M. of the Eleventh cavalry, and 611 horses of that regiment aboard, the British steamer Kanawha of the Chesapeake & Ohio fleet, sailed from this port for Havana, Cuba, at 2:50 o'clock yesterday afternoon, and a few hours later she passed out of the capes into the terrible storm which is sweeping the entire Atlantic coast from New York to the Carolinas. The Kanawha has aboard the largest number of horses that any of the transports has taken out of this port, and in addition to the animals she has 1,700 tons of bunker coal and a large quantity of stores and equipment aboard. Captain John D. Long, First Lieutenant Edward R. Tompkins and Second Lieutenant Cooke, of Troop M, and Veterinarian Alexander McDonald are on the Kanawha.

Nothing has been heard here from the transports Jacob Bright and Lander, which sailed at 5 o'clock Monday morning and which must have encountered the storm which swept up the Atlantic coast Monday morning.

The transport Taarnholm, which returned to Norfolk from this port Sunday for repairs to her hull, returned here yesterday afternoon and she will begin loading horses and equipment today. The vessel has a capacity for 700 animals, but she probably will not carry that number as most of the horses and mules are now en route to Cuba.

The transport Bayona is still loading at Chesapeake & Ohio pier No. 4 and is expected to sail either late this evening or early tomorrow morning. The Taarnholm will get underway either tomorrow afternoon or early Friday morning. When she sails all of the horses and mules of the "Army of the Pacification of Cuba" will be en route to Cuba, and unless a second expedition is sent to the island, no more transports will come to Newport News for troops and animals.

General Win has not yet received instructions concerning the length

of time the encampment of embarkation will be maintained in this city, but he and his staff will remain here for some time. The encampment will not be abandoned until he is ordered from this city.

## M'CARREN ATTACKS HEARST.

Nevertheless He Endorses the Democratic Ticket in New York.

(By Associated Press.)  
NEW YORK, N. Y., Oct. 16.—A special meeting of the Democratic General Committee of King's county, called for the purpose of ratifying the nominations made on the State and local ticket, was held tonight.

Senator Patrick H. McCarren, the chairman of the executive committee, offered a resolution endorsing the platform and candidates nominated at the Buffalo convention.

Before the resolutions were voted upon, Senator McCarren, denounced the head of the ticket, who he said, had insulted the ticket in the county. Never within his recollection had such a situation confronted the party as was presented in this campaign. The spectacle of a leader refusing to recognize the ticket which he headed was certainly a novel one. It was an insult to every Democrat in the committee, and they would be less than human, if they did not feel a spirit of resentment. He called upon all voters to resent what he termed the "unjustifiable vilification of the respective candidates."

When he had concluded, Senator McCarren, moved the adoption of the resolutions, which were unanimously adopted.

A motion was made that the committee express their approval of the attitude of Senator McCarren, which was done by a rising vote.

## SPECULATION WRECKS BANK.

General Manager's Operations Cost Institution at Least \$1,250,000.

(By Associated Press.)  
TORONTO, ONT., Oct. 16.—General Manager McGill of the wrecked Ontario Bank, admits a shortage of \$1,250,000.

Bankers place the loss through McGill's speculations \$500,000 higher. McGill has admitted that these speculations were carried on without the directors' knowledge, but he declares they were used for the ultimate good of the bank.

A director says the manager's operations ran the gamut of some of the most speculative stocks on the New York market, and were carried into the wheat pit in Chicago.

The United States battleship Louisiana, which was due to arrive in Hampton Roads from Havana, Cuba, yesterday afternoon with Secretary of War Taft and Assistant Secretary of State Bacon and their families aboard, had not reached Old Point up to a late hour last night and it is thought that she probably will not get into the Roads before 9 or 10 o'clock this morning. It is supposed that the warship was delayed by the storm and the heavy fog which prevailed along the Atlantic coast all day yesterday and last night.

As soon as the warship drops anchor off Old Point Secretary Taft, Assistant Secretary Bacon and their party will be transferred to the dispatch boat Dolphin and that vessel will then sail for Washington. The Dolphin arrived off Old Point from Washington late Monday afternoon and has since been anchored there waiting the arrival of the Louisiana.

After the party disembarks the Louisiana will weigh anchor and come to this port for bunker coal. She will remain here several days and will then go to the Norfolk navy yard for slight repairs and an overhauling.

Secretary Taft was sent to Cuba by President Roosevelt about three weeks ago to confer with the leaders of the insurgent forces and the government officials of that country with a view to effecting an amicable agreement between the warring factions.

Although the secretary of war and Assistant Secretary of State Bacon tried in every possible way to bring about peace between the two factions the insurgent leaders would not agree to lay down their arms, whereupon Secretary Taft proclaimed himself military governor of the island and called upon the United States government to send troops to Havana to put an end to the civil war on the island.

Several battleships were rushed to Cuba and thousands of marines were landed at Havana. They were in charge of the island until the first Cuban expeditionary brigade, now known as the "Army of the Pacification of Cuba," could be transported to the island from this country via Newport News. Already a number of the troops have reached Havana and the marines are now being withdrawn.

Saturday Charles E. Magoon, formerly governor of the Panama Canal zone assumed the military governorship of Cuba, relieving Secretary Taft.

Upon his arrival at Washington Secretary Taft will make a lengthy report on the conditions on the island to President Roosevelt.

## EXONERATE HARVARD STUDENT.

Roosevelt's Companion Escapes Further Prosecutions.

(By Associated Press.)  
BOSTON, MASS., Oct. 16.—The case against Shaun Kelly, the Harvard student, charged with assaulting a patrolman, which has been before the authorities in different phases for the last two weeks, was dismissed in the Municipal Court today.

The case grew out of the attempt of the officers to arrest a party of Harvard men, who were skylarking on Boston Common. Theodore Roosevelt, Jr., and Shaun Kelly, his roommate, being in the party.

One of the patrolmen was injured in the encounter with the students. In dismissing the case, Judge Wentworth commented at some length upon it, saying that the efforts of the police to put a stop to the disturbance were commendable, but that with reason Kelly was under the belief that his arrest was illegal and under the circumstances, the resistance which was offered was not of undue violence.
